Artist Statement

Into The Wild is a collection of expressive landscape and seascape paintings that explore the raw beauty of Tasmania's wilderness. These paintings evoke the untamed energy of Tasmania's rugged coastlines and mist-laden mountains through a dynamic interplay of palette knife marks, textured layers, and atmospheric lines.

This body of work is an invitation to step into nature's wildest spaces - to feel the crash of waves against ancient rock formations, the sweep of wind over mountain ridges, and the shifting light that transforms the landscape in an instant. It is a celebration of the land's untouched beauty and a reflection of its power to stir emotion and ignite the imagination. I hope these paintings offer a moment to pause, breathe and experience a little of Tasmania's wild beauty.
