*"I'm thrilled to have the opportunity to share my work with the Hobart community. The Tasmanian coastline has been a huge inspiration for me, and I hope my paintings capture some of the wild and unpredictable beauty of this incredible landscape. Winter Wild is a celebration of the natural world and the wonder of the ocean, and I hope it will inspire viewers to connect with the beauty of the Tasmanian coast."*

### HANNAH BLACKMORE

Hannah Blackmore is a Fine Art painter based in Hobart. Originally hailing from Jersey in the Channel Islands, Hannah's creativity runs deep, having been a lifelong artist. Since moving to Tasmania in 2012, she has focused on creating stunning seascapes in acrylic, using her work as a medium to continually explore new places and painting techniques. By doing so, she invites viewers to experience nature in different ways.

When it comes to her artistic process, Hannah's favourite starting point is the clarity of unfiltered light. Her works are not specific to any location but aim to capture the essence of being on the beach or by the sea, focusing on colour and atmosphere. By contemplating space and connecting with colour, viewers are able to resonate with the landscape on a deeper, subconscious level. Hannah's paintings are calming and therapeutic, encouraging viewers to find peace in her art.

Hannah is a resident studio artist on the second floor of Salamanca Arts Centre, where she continues creating beautiful and thought-provoking artworks.
